**Proudly Present**

Ross G. Bennett, CMB

**The Outlook of our Secondary Market with respect to Margin, Compression & SRP. What effects will each of these have on the market & how they play into capital retention & risk leverage ratios.**

### About our Speaker

Ross is SVP-Production for Hamilton Group Funding. He recruits and manages a team that is responsible for Retail Loan Production in 12 states and growing. He served as **President of the Mortgage Bankers Association of Florida** from 2002-2003, receiving the *Brown L Whatley Award* from the MBA of Florida in 2004, and the *President's Award* in 2002. He was also the recipient of the *Jack Alexander Memorial Award from the MBA of Central Florida*. Ross currently serves on the SE Regional Secondary Conference Committee and the MBAF CMB Society. He received his **Master Certified Mortgage Banker (MCMB)** designation in 1992. He was named the *Willis Bryant Scholar Award Recipient* at the **MBA School of Mortgage Banking**, Northwestern University. Ross is on the faculty of the **MBA's CampusMBA**, and frequently lectures at the School of Mortgage Banking. Ross is a single engine and multi-engine instrument-rated pilot, and also is licensed to fly gliders. He is a volunteer pilot and flies a Beechcraft Bonanza for Angel Flight Southeast, a five-state 501(c)3 charity that flies medically and financially disadvantaged families to remote medical treatment at no cost.
